

Amendments to the Title:

Please replace the original title at page 1, line 1 with the following title:

FAN MOTOR BRACKET AND BAFFLE ASSEMBLY

Amendments to the Specification:

At page 1, line 2 please replace the paragraph with the following –

CROSS REFERENCE TO RELATED APPLICATION

This is a continuation of a co-pending patent application Serial No. 10/290,724, filed November 8, 2002, now U.S. patent 6,736,615 entitled “Brush and Bearing Holder for a Fan/Motor.”

Please replace the paragraph beginning at page 6, line 1, with the following rewritten paragraph:

The bearing side 96 includes an outer race collar 110 which concentrically surrounds the retainer hole 92. Extending down the ~~center~~ collar 110 is a race flange 112 from which substantially perpendicularly extends a bearing support surface 114. Extending substantially perpendicularly from the support surface 114 is a wall 116 which defines the retainer hole 92 and which extends to the brush side 94.
